Pallet System	-
Rollers	-
Additive Lines Standard (possible)	2
Upside Down Standard (possible)	1
Agitator System Standard (possible)	1
Pressure Container	1
Calibration A+B / Nano	yes / Nano optional
Drum Lifter	-

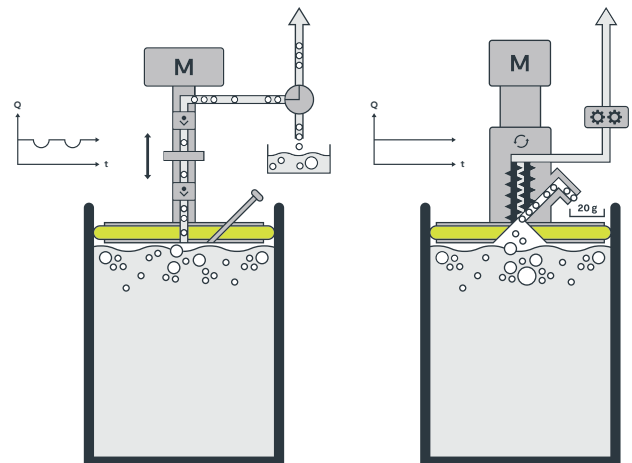

How Nexus SPLITNEX beats the conventional cadridge systems.

Air bubbles get constantly separated for continuous material flow and a precise mixing ratio.

Full documentation of mixing ratio (A+B+Additive)

Fastest cleaning time

Least material loss on the market

Conventional shovel pump system

Nexus Splitnex
